SPECIAL FALL PRICE LIST, 1931

BOYD NURSERY COMPANY

F. C. BOYD, Manager

McMINNVILLE,

TENNESSEE

FALL PLANTING

Fall planting of shrubs, trees and flowers has an advantage over spring planting in that all during the long winter months the root systems are forming and no damage may be done from drouth or heat, which all too often follow spring planting before the transplanted shrubs have sufficient opportunity to take ample root in their new location. You may expect better plants next summer, better growth and less loss by anticipating your spring needs, sending in your order now and getting the plants in the ground this fall. Orders received prior to fall shipping time will be filled just as soon as it is safe to move the plants.

Realizing that many of our customers have had a difficult business year, we have made our fall prices lower than ever before. Our price list has been scaled down to fit your pocketbook. You have no need to feel that you cannot afford to do some planting on account of the cost. We do not believe that you will ever be able to plant so reasonably as now. Read the list below carefully and be convinced.

It is easy to order by mail. Just fill in the enclosed order blank, being particular to specify just what is wanted. Your name, post office and shipping point should be written plainly to avoid mistakes.

These prices are F.O.B. McMinnville. No charge for packing.

The only way to relieve the business depression is to spend a little money regularly. Such a policy will enable everyone to start buying, and quickly bring back good business. Put something into flowers and shrubs this fall. Even though you cannot buy all you want, add something to the value of your home now by planting at least a few shrubs or trees.

FRUITS FOR THE HOME

Ornamental Plants are our specialties; yet we sell a line of the most popular fruits for the Home Garden, covering the entire season. Every home should have plenty of nice, fresh "Home Grown" Fruit. It is an asset to good health, as well as a source of saving on the food bill. Fruit Trees add beauty, as well as being producers of delicious food.

There are perhaps more Peach and Apple trees produced in Warren County than any other county in the state, and our orders are filled from the nurseries of men whom we believe to be reliable and trustworthy growers, who grow and sell only sound, healthy stock, prolific in fruiting and growing quality, true to name, thereby insuring success in your orchard and garden operation. Place your order now, and plant your trees in the fall, thereby getting the benefit of the early spring growing season.

APPLE TREES AT REDUCED PRICES

- Early Harvest.** Medium to large, bright yellow.
- Horse.** Large, green, acid. Good for cooking and drying.
- Red June.** Deep red skin, tender and juicy.
- Jonathan,** striped red. Good quality.
- Kinnard's Choice.** Is good for market or table.
- King Davis.** A beautiful apple. Tree strong grower.
- Maiden Blush,** pale yellow. Good for cooking.
- Wealthy.** Strong tree. Some regard this variety finest that grows.
- Arkansas Black.** Mammoth Black Twig.
- Delicious,** red. Fruit of uniform size.
- Baldwin.** Fruit good for cooking or eating.
- Ben Davis.** Large and round. Red striped.
- Gano.** An apple butter kind.
- Northwest Greening.** Fruit medium to large.
- Rome Beauty.** A good quality.
- Winesap.** Trees hardy, and early constant bearer.
- York Imperial.** White shaded. One of the best winter apples.
- Yellow Transparent.** Fruit large yellow.

ENJOY THE BEAUTY OF FLOWERING SHRUBS

Beautify your home grounds and give that home-like, permanent appearance in place of a stark, bare house. "It's not a home until it's planted." Just a little shrubbery adds a touch of beauty. By carefully selecting different varieties of shrubs, a succession of bloom may be had throughout the season. Many people do not realize at how small a cost the home may be made a center of beauty.

ARONIA, Chokeberry. Attractive, perfectly hardy shrubs. Pale green foliage, coloring to vivid red in the fall. Inconspicuous white flowers, followed by lasting berry-like fruits. We can furnish two varieties: one with red berries—Arbutifolia, and the other with blackberries—Melanocarpa.

	Each	Per 10
18 to 24 inch.....	\$.20	\$1.50
2 to 3 feet.....	.30	2.50

MALLOW MARVELS. A wonderful perennial Hibiscus growing from 4 to 7 feet, and in a clump several feet around, loaded with a mass of enormous, single flowers. Absolutely hardy; thrives well on any soil.

One-year transplanted, mixed colors.....	.10	.90
Two-year transplanted, assorted colors.....	.15	1.25

ARALIA PENTAPHYLLA. Long, slender, gracefully arching branches and bright green, compound foliage. Makes a small tree in time, especially attractive on rocky slopes. Greenish white flowers. Does well in shady places.

18 to 24 inch.....	.30	2.50
2 to 3 feet.....	.45	4.00

BUDDLEIA, Butterfly Bush. Blooms continually from June until frost, blue lilac-like flowers which are very fragrant and attract swarms of butterflies.

18 to 24 inch.....	.30	2.50
2 to 3 feet.....	.40	3.50
3 to 4 feet.....	.50	4.50

CALICARPA AMERICANA, Beautyberry. Valuable for its lovely purple berries borne along the branches in clusters. Handsome in early fall and winter. Grows 3 to 6 feet tall.

18 to 24 inch.....	.25	2.00
2 to 3 feet.....	.35	3.00
3 to 4 feet.....	.50	4.50

CEPHALANTHIUS, Button Bush. A hardy shrub with large, glossy foliage and attractive creamy white, fragrant flowers appearing in mid-summer. Valuable for waterside plantings.

18 to 24 inch, transplanted.....	.25	2.00
2 to 3 feet, transplanted.....	.35	3.00
3 to 4 feet, transplanted.....	.50	4.50

COMPTONIA ASPLENIFOLIA, Sweet Fern. A low shrub with fernlike foliage. Well adapted for massing on rocky banks and sandy stretches.

12 to 18 inch.....	.20	1.50
18 to 24 inch.....	.30	2.50

CRAPE MYRTLE, Lagerstroemia. A beautiful shrub, blooms in August, flowers daintily fringed and borne in immense panicles. We have the crimson and pink.

12 to 18 inch.....	.25	2.25
18 to 24 inch.....	.40	3.50

ELDER, Sambucus Canadensis—American Elder. Immense flat-topped cymes of white flowers in early summer, followed in early fall by luscious black fruits.

12 to 18 inch.....	.15	1.25
18 to 24 inch.....	.25	2.00
2 to 3 feet.....	.35	3.00

AUREA, Golden Elder. Its golden yellow leaves contrast beautifully with the other shrubs; flowers are white.

18 to 24 inch.....	.25	2.00
--------------------	-----	------

	Each	Per 10
2 to 3 feet.....	\$.35	\$3.00
3 to 4 feet.....	.50	4.50

LACINIATA, Cut Leaf Elder. Leaves very finely cut, a very distinct and unusual shrub. In some respects similar to the Golden Elder.

18 to 24 inch.....	.25	2.00
2 to 3 feet.....	.35	3.00
3 to 4 feet.....	.40	3.50

EUONYMUS ALATUS, Cork-Barked Euonymus. Very attractive in autumn when full of bright colored fruit and brilliant crimson foliage. Bark very corky.

18 to 24 inch.....	.40	3.50
2 to 3 feet.....	.65	5.00

EUONYMUS AMERICANUS, Strawberry Bush. A very showy shrub, erect in growth, leaves bright green, with rich pink fruits concealed in scarlet pods. Hardy in the North.

18 to 24 inch.....	.15	1.25
2 to 3 feet.....	.30	2.50

LINDERA BENZOIN, Aestivalis, Spice Bush. A very early blooming shrub. The small yellow flowers are followed by scarlet berries. Splendid shrub for mass effect.

12 to 18 inch.....	.25	2.00
18 to 24 inch.....	.30	2.50
2 to 3 feet.....	.40	3.50

MALUS, Betchel's Flowering Crab. A sturdy grower, flowers large, double, resembling double pink roses, very fragrant. Will bloom when quite young.

2 to 3 feet.....	.80	7.50
3 to 4 feet.....	1.20	11.50

PRUNUS PERSICA, Double Flowering Peach. Can supply red, white and pink. Covered with a mass of beautifully formed and highly colored flowers during March.

2 to 3 feet.....	.80	7.50
3 to 4 feet.....	1.20	11.50

PRUNUS PISSARDI, Purple Leaf Plum. A very handsome small tree. Foliage purple, bluish pink flowers in spring.

2 to 3 feet.....	.50	4.50
3 to 4 feet.....	.65	6.00

PRUNUS TRILOBA, Double Flowering Plum. A very desirable, early flowering shrub, bearing double flowers of a delicate pink shade.

2 to 3 feet.....	.65	6.00
3 to 4 feet.....	1.00	9.50

ROBINIA, Moss Locust. A dwarf bush that sprawls upon the ground. Very showy, with good leaves and rose-colored or lavender-colored flowers that hang in clusters like wisteria.

18 to 24 inch.....	.25	2.00
2 to 3 feet.....	.40	3.50

SNOWBERRY RACEMOSUS, White Snowberry. Has small pink flowers, but its great attraction are the large, milk-white berries that form after the flowers drop, and last into mid-winter.

18 to 24 inch.....	.25	2.00
2 to 3 feet.....	.35	3.00

TAMARIX. Foliage is light and feathery as asparagus, and in the summer is covered with clouds of small, pink flowers. We offer two varieties, Africana which blooms in early summer, and Odessana that blooms in late summer

18 to 24 inch.....	.20	1.50
2 to 3 feet.....	.30	2.50

PLANT EVERGREENS FOR ALL YEAR 'ROUND BEAUTY

There is nothing that can quite take the place of Evergreens. In the summer their stately grandeur adds serenity to the riot of colors in other vegetation, and in the snowy winter their cheerful freshness gives us the comforting promise, in the bleak landscape, that spring will come again. They can be used in foundation or corner plantings, as single specimens on the lawn or along the driveway, as hedges, windbreaks, and in many other delightful ways.

ABIES BALSAMEA, Balsam Fir. A slender growing tree, of great hardiness. The fragrant foliage is dark green above, silver beneath, with cones of a purplish violet color.

	Each	Per 10
12 to 18 inch.....	\$1.00	\$ 9.00
18 to 24 inch.....	2.00	16.00
2 to 3 feet.....	3.00	25.00

JUNIPER PFITZERIANA, Pfitzer's Juniper. One of our most popular Junipers, used largely in foundation planting. Its light feathery appearance and spreading habit make it ideal for borders.

12 to 18 inch spread.....	1.80	16.00
18 to 24 inch spread.....	2.60	24.00
24 to 30 inch spread.....	4.00	35.00

COMMUNIS HIBERNICA, Irish Juniper. Very erect and columnar, with dense, silvery green foliage, and upright branches. A few of these can be planted to advantage in almost every lawn.

18 to 24 inch.....	.80	7.20
24 to 30 inch.....	1.60	14.00
30 to 36 inch.....	2.20	20.00

VIRGINIANA, Red Cedar. A very hardy, pyramidal-shaped evergreen tree, or one that can be trimmed to any desired shape. Light green foliage, which becomes darker as the season advances. A rapid grower.

12 to 18 inch.....	.40	3.20
18 to 24 inch.....	.60	4.80
24 to 30 inch.....	1.00	8.00
30 to 36 inch.....	1.40	
36 to 42 inch.....	2.00	

EXCELSA PICEA, Norway Spruce. Symmetrical in form, of rapid growth. Hardy. Makes a beautiful ornament for the lawn when planted single, and when set out as a hedge or windbreak cannot be beaten.

10 to 12 inch.....	.75	6.00
12 to 18 inch.....	1.00	8.00
18 to 24 inch.....	1.60	14.00
2 to 3 feet.....	2.20	20.00

RETINOSPORA PLUMOSA, Green Retinospora. Densely conical, with fern-like leaves of bright green, carried on erect, plummy branches.

12 to 15 inch.....	.75	6.00
15 to 18 inch.....	1.00	9.00
18 to 24 inch.....	1.50	12.00
24 to 30 inch.....	2.00	18.00
30 to 36 inch.....	3.00	25.00
3 to 4 feet.....	4.00	35.00

SUARROSA VEITCHI, Veitch's Silver Cypress. Dense, rounded, bubbling growth; the silvery blue foliage arranged in soft spirals which give the impression of boiling over.

18 to 24 inch.....	1.50	12.00
2 to 3 feet.....	2.25	20.00

AMERICAN ARBOR VITAE, Occidentalis. One of our most popular evergreens, because of its easiness to transplant. It thrives under most any condition; can be used as a specimen plant, and is fast becoming popular as a hedge plant.

12 to 18 inch.....	.60	5.50
18 to 24 inch.....	1.00	9.00
24 to 30 inch.....	1.50	12.00
30 to 36 inch.....	2.00	18.00

CHINESE ARBOR VITAE, Orientalis. Very similar to the American, a little more compact; has dark green foliage. Can be planted singly or in groups. Stands trimming very well.

12 to 18 inch.....	.50	4.50
18 to 24 inch.....	.65	6.00
24 to 30 inch.....	1.00	9.00
30 to 36 inch.....	1.50	12.00
36 to 42 inch.....	2.50	20.00

BERCKMAN'S GOLDEN ARBOR VITAE, Aurea Nana. Of dense, compact form, golden color. Always beautiful, whether planted alone, in pairs, or on the edge of a group of evergreens.

12 to 18 inch.....	1.50	12.00
18 to 24 inch.....	3.00	25.00
24 to 30 inch.....	3.50	
30 to 36 inch.....	4.00	

BAKER'S ARBOR VITAE. Pyramidal growth, compact, very hardy. Foliage lively green, somewhat lighter in color than the Pyramidalis.

24 to 30 inch.....	\$ 3.00	\$25.00
30 to 36 inch.....	4.00	35.00
36 to 42 inch.....	5.50	

PYRAMIDALIS, Pyramidal Arbor Vitae. Strong, erect, pyramidal-shaped, densely branched, with rich, dark green, glossy foliage. One of the best for specimen planting or for striking effect when planted as center of groups.

12 to 18 inch.....	1.50	12.00
18 to 24 inch.....	2.00	18.00
24 to 30 inch.....	2.50	20.00
30 to 36 inch.....	4.00	35.00
36 to 24 inch.....	5.50	50.00

ABELIA GRANDIFLORA. A hardy, free blooming shrub with shiny, purplish evergreen leaves; bears profusion of clusters of tubular shaped flowers about one inch long, white inside, delicate pink outside. Fragrant blooms last all summer. Very desirable.

10 to 12 inch.....	.20	1.50
12 to 18 inch.....	.30	2.50
18 to 24 inch.....	.50	4.50
2 to 3 feet.....	.60	5.00
3 to 4 feet.....	1.00	9.00

BOXWOOD, Buxus. Extensively used for hedges in formal gardens, and as specimen plants for lawn and landscape. They are justly popular, hardy evergreens. The leaves are small, round and glossy green; makes a roundish bush that can be trimmed to any shape.

10 to 12 inch.....	.75	6.00
12 to 15 inch.....	1.00	9.00
15 to 18 inch.....	2.00	18.00
18 to 24 inch.....	3.00	25.00
24 to 30 inch.....	4.00	35.00
30 to 36 inch.....	5.00	

EUONYMUS JAPONICUS, Evergreen Euonymus. Upright, hardy compact grower, attractive dark green, shiny foliage. Widely used for hedges, specimen planting, landscape massing, and for formal demands, where any desired shape may be obtained by trimming.

12 to 18 inch.....	.60	5.50
18 to 24 inch.....	1.00	9.00
2 to 3 feet.....	1.50	12.00

ILEX OPACA, American Holly. The Christmas evergreen tree. The large, glossy leaves and bright red berries make it a most attractive tree. It is very easy to transplant, provided all leaves are removed at planting time. Use a good leaf mold or rich woods-dirt when planting.

12 to 18 inch.....	.75	7.00
2 to 3 feet.....	2.25	20.00
3 to 4 feet.....	3.75	

JAPANESE PRIVETT, Ligustrum. A handsome evergreen shrub with thick, dark, glossy green leaves. Small, creamy white blooms in early spring, followed by bluish black berries. Will stand trimming well.

18 to 24 inch.....	.35	3.00
2 to 3 feet.....	.50	4.00
3 to 4 feet.....	.65	5.50

NANDINA DOMESTICA. Beautiful little evergreen, which grows well in either sun or shade. The white flowers are produced in panicles and are followed by red berries. The new foliage is tinted with pink, and in winter becomes a beautiful bronze color.

15 to 18 inch.....	Each	1.50
18 to 24 inch.....		2.75
2 to 3 feet.....		3.25

MAGNOLIA GRANDIFLORA, Southern Magnolia. This is the grandest of all our native evergreen trees; has broad shiny leaves, immense white, fragrant blossoms. Well known throughout the South. Beautiful from small tree to maturity.

18 to 24 inch.....	Each	.75
2 to 3 feet.....		1.15
3 to 4 feet.....		1.75
4 to 6 feet.....		2.75

All Evergreens offered in this list will be dug with ball of earth unless otherwise instructed. All are strictly first class in every respect, and at the price we are offering they are REAL BARGAINS.

ROSES—A SELECTION OF BEAUTIFUL, HARDY, FIELD-GROWN VARIETIES

The happiness of mankind may be increased by encouraging that love of a garden, that love of the beautiful which is innate in us all, and in the development of the garden no plant is more worthy of a large place than the ROSE. In what wonderful shades and coloring, in what exquisite variety of form and habit, with what delicate perfume it is now possible to have them! For length of blooming period they have few equals, and no superiors among flowering shrubs—the ROSE stands in a class by itself—THE QUEEN OF FLOWERS.

Prices: Any of the following 2-year-old field grown Roses 50c each; \$4.50 per ten plants. One-year-old plants 40c each; \$3.50 per 10.

RADIANCE PINK. This rose stands high among growers, because of its vigorous growth, hardiness and continuous production of lovely, light silvery pink, double flowers.

RADIANCE RED. As good as its parent Radiance, in habit of blossom and growth, lovely, deep red, with an intense fragrance.

DAME EDITH HELEN. Shapely buds and substantial, clear pink blooms. Sweetly scented and freely produced on long, strong stems.

MRS. CHARLES BELL. Similar in habit to Radiance, of which it is a sport. Color: a lovely shell-pink with salmon shadings. Splendid buds.

J. L. MOCK. Very large full and fragrant; petals silvery, rose white inside, outside carmine pink. Continuous bloomer.

FRANCIS SCOTT KEY. Large, double flowers of rich crimson-red; a strong, sturdy grower and free bloomer.

FRANK W. DUNLOP. Brilliant, deep rose pink; free flowering, very double, and highly scented.

HADLEY. Deep, rich, velvety crimson; well-formed buds on long stiff stems.

HANSA. A typically Rugosa, producing freely large double, reddish violet blooms.

WILLOWMERE. A handsome large rose of excellent form, super

buds and blooms of richest pink, shining with a yellow glow, which seems to come from the heart of the flower. Resembles the Los Angeles.
DUCHESS OF WELLINGTON. Long, large, tapering semi-double, saffron yellow buds, slowly opening to fragrant yellow flowers.
WILLIAM R. SMITH. Flowers are freely produced, creamy white with strong tints of pink and lilac; dependable rose for the North.
ETOILE de LYON. Deep yellow, opening lighter. A hardy rose.
MRS. B. R. CANT. New rose, exceedingly hardy, producing in profusion deep crimson-pink flowers, double, delightfully fragrant.
DR. EUGENE E. MARLITT. Flowers large, double, a rich, bright crimson.
CLOTILDE SOUPERT. Free bloomer, pink flowers.

CLIMBING ROSES—HARDY, FIELD-GROWN

Prices of Climbing Roses—2-year-old No. 1 40c each; \$3.50 per 10.
DOROTHY PERKINS. Soft bluish pink, a favorite among pink climbers.
DR. HUEY. Deep crimson shaded maroon, semi-double, prolific bloomer.
GARDENIA. Rich yellow toning to cream. Early and prolific.
MARY WALLACE. Vivid pink, shaded salmon. Early bloomer, on long growth.
PAUL'S SCARLET CLIMBER. Brilliant scarlet blooms of lasting color.

PLANT—FOREST TREE SEEDLINGS FOR PROFIT, SHADE AND BEAUTY

No farm should be without a grove of Forest Trees. The expense is very small, it pays well in shade and timber, and may mean a good estate for your children in years to come.

Your farm will always need fences. Your fences will always need posts. The Black or Yellow Locust grows the best of posts quickly.

Grow a Black Walnut Orchard on your farm. The trees will produce the finest, the most valuable timber, and at the same time yield quantities of the richest nuts, which are sold in abundance at good prices. When you want lumber for your buildings you will find nothing better than the Tulip (Yellow) Poplar. You perhaps have idle waste land on your farm that will grow a few trees, which will make the land rich and yield you a profit at the same time.

Place your order now while the stock is plentiful, shipment to be made any time you are ready after October 20th. We have this year larger assortment, better storage and packing sheds, and a strong desire to please you, and hope that you may let us supply your wants in this line.
